## 29. MACK DERICK MEMORIAL AWARD

### A. Special Note: for the 2022 competition, each printmaker needs to:

- Enter in 2022 on PrintCompetition.com
  - Print your Mack Derick photo.
  - It must be delivered to Image Competition Chair, Brian Watt, by **Thursday, March 3<sup>rd</sup>**
    1. In this Covid-19 environment, your print still needs to be “wholly of the maker’s own production from photographic capture to the finished mounted print. This includes all the retouching, enhancements, and printing.”
    2. After the competition, your print will be returned so you can store it.
    3. **Prints are required**, because the year you are presented your award, your accomplishment will be highlighted with a display of all your Mack Derick prints at the VPP annual convention.
    4. The jury panel will use your digital image for judging.
- B. This award was established to give VPP members a continuing incentive to create and enter images of their own production. The award is in memory of one of the founders of VPP and a lifelong craftsman of the photographic arts. The intent of this award is to honor the craftsmanship of photography. This includes exposure of a sensitized material, film or digital sensor, which is processed in chemistry, or with a computer, and brought to a print through a chemical process, or an inkjet printer.
- C. The Vermont VPP member enters one (1) print annually in this award challenge, until the award is earned, using the current rules for entry in the VPP Image Competition.
- D. Judging will be on the same basis as the images in the VPP Image Competition.
- The registration requires a digital image, and for 2021, this is what will be used for judging your Mack Derick.
- E. The current year’s print will receive the following points based on the print’s final score: 90-100 = 5 points; 85-89 = 4 points; 80-84 = 3 points; 75-79 = 2 points; 74-70 = 1 point; ≤ 69 = 0 points. Earning zero points allows the competitor to remain in the MDMAC.
- F. In order to receive the Mack Derick Memorial Award, the competitor must enter a print, annually, until 15 points are earned.
- G. If the print maker misses a year, his/her point count is reset to zero (0).
- Extreme circumstances accounting for missing a year can be appealed to the VPP Board of Directors, in writing, before the next VPP Image Competition.
- H. Each print submitted in this award challenge must be wholly of the maker’s own production (with the exception of color first generation processing) from photographic

capture to the finished mounted print. This includes all the retouching, enhancements, and printing.

- I. The print, which may be in black and white, or color, and will be in addition to the case total allowed by the VPP Print Rules.
- J. This is a stand-alone competition; Mack Derick prints are not eligible for other awards.
- K. Register your Mack Derick print on PrintCompetition.com along with your other entries.
- L. **This is a free category.**
- M. Transparencies are not eligible.
- N. A Mack Derick Memorial Award recipient may receive this award only once.
- O. ***By entering prints in this award challenge, you certify that you have read and understand the specifications of the Mack Derick Memorial Award as set out here in the VPP Image Competition Rules. You also certify that you did all of the work from capture to its final presentation for this award challenge, personally.***

### **Photographic Committee Chairman's Notes**

- **PRINTCOMPETITION.COM** provides a valuable learning experience for its members by offering an extensive library of images to view. Your entries will be added to the database unless you express, in writing, that you do not want this to happen.
- To opt out, send an email to the image committee chairman.
- **VPP / NORTHEAST DISTRICT / IPC (International Photographic Competition)**
  - All three levels of competition use the same print and image preparation standard, so you only have to make one set of digital files, or prints, if you choose to compete with your VPP entries at the next level(s) of competition(s).
  - For more image competition information, see the PPA tutorials at:
    - <https://www.ppa.com/events/photo-competitions/ipc-resources>
